the ame the the the the core st	dustry, but as an example of the reversing truction of the new foundry near Kral ruction for four years, and will ralong time. The delay has been caused by the delivery material and equipment	caused by the export of Germany, by pointing of the construction o	large ut to on, and lan. on and he er con- etion	50X1-HUN	
da al of DW po ca be	As examples of some gains, the construction of the large dam at Brzeg (Brieg) on the Oder River: 60,000 tons of concrete have already been poured into the dam. The water level in the upper part of the Oder River will be raised to a point where barges of 1,000 DWT will be able to sail to Kozle (Cosel), which is at present impossible the construction of the Oder-Danube canal, which will have its point of origin somewhere near Kozle, has been started and there are several brigades of the SP (Service to Foland) employed on this project.			50X1-HUM 50X1-HUM	
ed a.e r.e t e	se work at the assembly plant for Star een accelerated and the 3,000 th truck sembly line in the near future. Some me produced in the USSR, some in Lublin cructed at Starachowice. The assemblin tandstill for some time because the Sovarts to the plant and the Poles could not be the plant and the plant and the Poles could not be the plant and t	of the parts for these, and some small parts g of these trucks was a lets were delivering do ot complain about it.	trucks are con-	(£)
